FRANK RAMACI
CHIEF OF POLICE

6/15/18 - The New Milford Police Department, today announced that it has joined the New Jersey Attorney General's "Project Medicine Drop" initiative, and has installed a Project Medicine Drop box in the lobby of our police station.

Today's announcement makes it easier and more convenient than ever for New Milford residents to take an active role in the fight against the nationwide epidemic of opiate and heroin abuse, which often is fueled by the abuse of prescription painkillers.

The department's new Project Medicine Drop Box is located at in the new police headquarters at 930 River Road. Residents may visit the New Milford Police Department at any time, 24 hours a day, seven days a week, 365 days a year, to dispose of their unused or excess medications.

Project Medicine Drop is an important component of the New Jersey Attorney General's effort to stop the diversion and abuse of prescription drugs, including highly addictive opiate painkillers.

Through this initiative, the State Division of Consumer Affairs installs secure "prescription drug drop boxes" at police departments, sheriff's offices, and State Police barracks across New Jersey, allowing citizens to safely dispose of their unused, excess, or expired prescription medications.

Members of the public are invited to visit the Project Medicine Drop sites and drop off any unused prescription medications anonymously and with no questions asked. Most Project Medicine Drop sites make this service available 24 hours a day, seven days a week, 365 days a year.

By giving New Jerseyans a safe and secure method to dispose of unneeded medications, Project Medicine Drop helps prevent the abuse of these drugs. This initiative also protects New Jersey's environment by keeping these drugs out of landfills and out of the water supply. More information about Project Medicine Drop, including the full list of Project Medicine Drop locations, can be found at www.NJConsumerAffairs.gov/meddrop.
